

The Auction 2026

The Grand Raffle

Terrence Higgins Trust

For over 40 years, Terrence Higgins Trust has been on the forefront of the fight against HIV. We are the UK's leading HIV charity, supporting over 100,000 people annually across the UK.

Our mission is to end new cases of HIV in the UK by 2030 and ensure people living with HIV get the support they need.

We are proud of the work we have done over the last forty years, but now our eyes are firmly set on the future. We know what urgently needs to happen to end new HIV cases by 2030. It means expanding the transformative impact of opt-out HIV testing in A&E departments to more areas that need it. It means unblocking access to the game-changing prevention drug PrEP. It means ending the stigma and discrimination still surrounding HIV.

This is an exciting and historic time – we will do everything in our power to end new cases of HIV by 2030 and support people living with HIV.
